**Keywords:** Northeast Anti-Union Spirit, Multi-dimension, A new era, Practical value

**Abstract:** This study deeply discusses the multi-dimension of the spiritual connotation of Northeast Anti-Union and its practical value in the new era. As an important part of Chinese revolutionary history, the spirit of Northeast Anti-Union includes firm belief, tenacious perseverance, heroic struggle, unity and cooperation, patriotic dedication and other multiple dimensions. Under the background of the new era, this spirit not only has historical commemorative significance, but also becomes a powerful driving force to inspire people to face challenges and move forward. Through historical literature analysis, field visits and interviews, this paper reveals the practical value of Northeast Anti-Union spirit in promoting social progress, promoting harmonious development and cultivating socialist core values in the new era. This study has important theoretical significance and practical guiding value for inheriting and carrying forward the spirit of Northeast Anti-Union and promoting socialist modernization.

## 1. Introduction

Under the background of the new era, the spirit of Northeast Anti-Union, as a unique red resource and red gene, not only has far-reaching historical significance, but also shows distinct practical value. This spirit plays an important role in inspiring the people of all ethnic groups in China, promoting socialist modernization and realizing the Chinese dream of the great rejuvenation of the Chinese nation.

## 2. The multi-dimension of the spiritual connotation of Northeast Anti-Union

### 2.1. Firm faith and ideals and beliefs

Among the multi-dimensions of the spiritual connotation of Northeast Anti-Union, firm belief and ideal belief embody the spiritual connotation of the strength and supporting role of belief. During the War of Resistance against Japan period, the Northeast Anti-Union soldiers always adhered to their faith and strengthened their faith in the face of powerful enemies, which became an important driving force for them to overcome difficulties and win.

## **2.2. Brave and fearless fighting spirit**

In the multi-dimension of the spiritual connotation of Northeast Anti-Union, the heroic fighting spirit is reflected in many aspects. This spirit is manifested in the fact that under extremely difficult and dangerous conditions, the Northeast Anti-Union soldiers can still strengthen their faith, go forward bravely and fight bloody battles for national liberation and people's happiness. The situation that the enemy is strong and I am weak has made the Northeast Anti-Union suffer great sacrifices.

## **2.3. Bitter will to survive**

In the multi-dimension of the spiritual connotation of Northeast Anti-Union, the arduous will to survive is reflected in many aspects. This spirit is the tenacious perseverance and indomitable will to survive displayed by the Northeast Anti-Union soldiers in extremely harsh environment. In the arduous struggle of fourteen years, the Northeast Anti-Union soldiers were able to persist in the face of the cruel encirclement and suppression of the enemy and the extremely harsh natural environment, which in itself was a manifestation of the arduous will to survive. They fought in the ice and snow, lacked food and clothing, and were beset with diseases, but they never gave up their desire for victory and their belief in the cause of national liberation; Secondly, the Northeast Anti-Union soldiers are often surrounded and pursued by the enemy in battle, and they have to travel long distances and take covert actions.

## **2.4. Collectivism Spirit of Solidarity and Mutual Assistance**

Among the multi-dimensions of the spiritual connotation of Northeast Anti-Union, the collectivism spirit of solidarity and mutual assistance is a core embodiment. This spirit has been fully demonstrated in the process of the Northeast Anti-Union soldiers jointly resisting foreign enemies and defending their homeland. In the battle, the Northeast Anti-Union soldiers always maintained close unity and cooperation. They worked together to formulate strategies and cooperate in combat, showing a high spirit of unity and cooperation in both frontal battlefield and rear support. This spirit of unity and mutual assistance enables the Northeast Anti-Union to maintain strong combat effectiveness and effectively resist the enemy's attack under extremely difficult conditions.

## **3. The practical value of the Northeast Anti-Union spirit in the new era**

### **3.1. Inspire national spirit and patriotic feelings**

In the practical value of Northeast Anti-Union spirit in the new era, the embodiment of inspiring national spirit and patriotic feelings is particularly remarkable. As an important part of the excellent traditional culture of the Chinese nation, this spirit is of great significance for stimulating the patriotic enthusiasm of the people of all ethnic groups in China, rallying national strength and promoting social progress.

First of all, the spirit of Northeast Anti-Union inspires people's national pride and self-confidence in the new era through its heroic deeds and lofty spirit. In the arduous War of Resistance against Japan, the soldiers of Northeast Anti-Union made great sacrifices for the cause of national independence and liberation with firm belief, tenacious will and indomitable fighting spirit. Their heroic deeds and great spirit have become a powerful driving force to inspire future generations to move forward. In the new era, this spirit inspires us to cherish the hard-won opportunities for peace and development, take the road of socialism with Chinese characteristics more firmly, and work

hard to realize the Chinese dream of the great rejuvenation of the Chinese nation. Secondly, the spirit of Northeast Anti-Union guides people to establish a correct view of country and nation in the new era through its profound patriotic feelings. In the struggle of Northeast Anti-Union, the soldiers always put the interests of the country and the nation first, and defended the dignity of the country and the honor of the nation with their own practical actions. This deep patriotic feeling still has important enlightenment significance in the new era. It tells us that no matter how the times change, we should always keep in mind our national identity and national mission, actively participate in national construction and development, and contribute our own strength to the prosperity of the country and the great rejuvenation of the nation.

The spirit of Northeast Anti-Union also provides valuable spiritual wealth for people in the new era through its spiritual qualities such as unity, mutual assistance and hard work. In the practice of the new era, we need to inherit and carry forward this spirit, constantly strengthen national unity, promote social harmony, and jointly promote the development and progress of the country. At the same time, we should also integrate this spirit into our daily work and life, and devote ourselves to the great cause of socialism with Chinese characteristics in the new era with fuller enthusiasm and firmer belief. [1]

### **3.2. Cultivate socialist core values**

In the practical value of Northeast Anti-Union spirit in the new era, the embodiment of cultivating socialist core values is multi-dimensional and profound. This spirit not only carries rich historical and cultural connotations, but also has a close internal relationship with socialist core values, providing vivid teaching materials and valuable spiritual resources for the cultivation of socialist core values in the new era.

First of all, the spirit of Northeast Anti-Union embodies the core values of patriotism. In War of Resistance against Japan, the soldiers of Northeast Anti-Union fought bravely against the Japanese invaders at the expense of their lives for the liberation of the nation and the happiness of the people. This deep patriotic feeling and national pride is the concrete embodiment of patriotism in socialist core values. In the new era, by carrying forward the spirit of Northeast Anti-Union, we can stimulate the patriotic enthusiasm of the people of the whole country and enhance national cohesion and centripetal force. Secondly, the spirit of Northeast Anti-Union shows the value pursuit of heroism. In the arduous environment, the anti-Union soldiers showed lofty heroic spirit without fear of strong enemies and hardships. This spirit inspires us to take responsibility and dedication in the new era and contribute to the realization of the Chinese dream of the great rejuvenation of the Chinese nation. At the same time, it also reminds us that heroes are not born, but created through unremitting struggle in ordinary posts, and everyone can become a hero in his own life.

### **3.3. Promoting Social Progress and Harmonious Development**

The spirit of Northeast Anti-Union has a far-reaching influence on promoting social progress and harmonious development in the practical value of the new era. This spirit not only carries profound historical background, but also is closely linked with the social development in the new era, providing us with valuable spiritual wealth and action guide.

First of all, the spirit of unity and cooperation in the spirit of Northeast Anti-Union has been further carried forward in the new era. This spirit emphasizes collectivism and win-win cooperation, and encourages people to support each other and make progress together in their work and life. In the process of promoting social progress, we need this spirit of unity and cooperation to jointly cope with various challenges and difficulties and achieve harmonious and stable social development. Secondly, the spirit of hard struggle in the spirit of Northeast Anti-Union is still of great

significance in the new era. This spirit requires us to be afraid of difficulties, brave in challenges, and pursue our goals with firm belief and tenacious perseverance. In the practice of the new era, we need to inherit and carry forward this spirit, actively participate in various undertakings, and contribute our own strength to the prosperity and progress of society.

#### **4. Inheritance and promotion of the spirit of Northeast Anti-Union in the new era**

##### **4.1. Education Publicity and Cultural Communication**

Education and publicity. First, it should be incorporated into the education system. Incorporate the spirit of Northeast Anti-Union into the whole education system from basic education to higher education. In primary and secondary schools, students can understand the history and spiritual connotation of Northeast Anti-Union through history courses and ideological and moral courses. In the university stage, relevant elective courses or special lectures can be set up to deeply explore the contemporary value of the spirit of Northeast Anti-Union; Second, schools can carry out thematic activities. Speech contests, essay contests, thematic exhibitions and other colourful thematic activities are organized to enable students to deeply appreciate the spirit of resistance to the epidemic in the north-east through participation in the activities. At the same time, anti-Union veterans and research experts can be invited to enter the campus, communicate face-to-face with students, and share their personal experiences and insights; Finally, use new media to spread. Finally, the use of new media for dissemination makes full use of the Internet, social media and other new media platforms to produce short videos, animations, cartoons and other works that disseminate the spirit of the Northeast Resistance League in order to attract young people's attention in a more vivid and imaginative way.[2]

##### **4.2. Practical Activities and Volunteer Service**

Practical activities. First, organize thematic practice activities. Regular practical activities with the theme of Northeast Anti-Union spirit are held, such as taking the Anti-Union Road on foot and red education experience activities. These activities aim to let participants experience the hard life of the anti-Union fighters and deeply feel their firm belief and heroic spirit; Secondly, carry out academic research activities. We can encourage and support academic circles to conduct in-depth research on the Northeast Anti-League, hold academic seminars, exchange meetings, etc., and promote the development of anti-league spirit research to a higher level. At the same time, the research results will be transformed into practical activities to enrich the content of activities. Finally, strengthening the cooperation between schools and society: schools can cooperate with social organizations, enterprises and public institutions to jointly carry out practical activities. Such as organizing students to participate in the protection and restoration of anti-union sites, or cooperating with enterprises to carry out red tourism projects.[3]

##### **4.3. Institutional Guarantee and Policy Guidance**

In terms of institutional safeguards. First, improve laws and regulations: formulate and improve the inheritance and carry forward the spirit of the Northeast AntiLeague laws and regulations, clarify the responsibilities and obligations of all parties, and provide legal protection for practical activities; second, establish a long-term mechanism: establish and improve the inheritance of the spirit of the Northeast AntiLeague to carry forward the long-term mechanism, such as holding relevant activities on a regular basis, the establishment of a special fund, etc., to ensure that inheritance of the work continues to steadily progress; finally, strengthen the organizational

construction: the establishment of a specialized agency or organization that is responsible for inheriting and carrying forward the spirit of the Northeast Anti Allied Forces, with clear responsibilities and authorities to ensure that the work is carried out in an orderly manner.

Policy guidance. First, introduce supporting policies: the government should introduce relevant supporting policies to encourage and support all sectors of society to participate in the inheritance and promotion of the Northeast Anti Allied Spirit, such as providing financial support and tax incentives; second, strengthen publicity and education: formulate a publicity and education policy, and widely publicize the historical connotations and values of the Northeast Anti Allied Spirit through the media, schools, communities, and other channels to raise the public's awareness and sense of identity; and lastly, promote industry-academia-research cooperation: encourage academia, industry and government departments to strengthen cooperation and work together to carry out research, inheritance and promotion of the Northeast Anti Allied Spirit to form a synergistic effect.

## 5. Conclusions

The spirit of Northeast Anti-Union not only contains multiple dimensions such as firm belief, tenacious will, unity and cooperation and patriotic dedication, but also has profound practical value in the new era. It inspires us to face challenges with perseverance, unite as one to overcome difficulties, and contribute to the prosperity and strength of the country and the great rejuvenation of the nation. Looking ahead, we should continue to dig and inherit this spirit, strengthen education and publicity, and promote it to be widely promoted in all fields of society. At the same time, combined with the characteristics and requirements of the new era, we will constantly enrich and develop the connotation of the Northeast Anti-Union spirit, and make it glow with more brilliant brilliance in the new era.
